

THE FAYETTE COUNTY PLANNING COMMISSION held a **Public Meeting/Workshop** on February 15, 2007 at 7:00 P.M. in the Fayette County Administrative Complex, 140 Stonewall Avenue West, Board of Commissioners Conference Room, Suite 100, Fayetteville, Georgia.

MEMBERS PRESENT: Douglas Powell, Chairman
Al Gilbert, Vice-Chairman
Bill Beckwith
Jim Graw
Tim Thoms

MEMBERS ABSENT: None

STAFF PRESENT: Pete Frisina, Director of Planning & Zoning
Tom Williams, Assistant Director of Planning & Zoning
Robyn S. Wilson, P.C. Secretary/Zoning Coordinator
Bill McNally, County Attorney

STAFF ABSENT: Dennis Dutton, Zoning Administrator
Delores Harrison, Zoning Technician
Phil Mallon, Director of Engineering

Welcome and Call to Order:

Chairman Powell called the Public Meeting/Workshop to order and introduced the Board Members and Staff.

* * * * *

1. Discussion of amendments to the Fayette County Comprehensive Plan as presented by the Planning & Zoning Department.

Tom Williams presented the following to the P.C. which explains the process involved with the Fayette Comprehensive Plan under the new State Minimum Planning Standards.

In January of 2006, Staff started the process of a Full Plan Update of the Fayette County Comprehensive Plan in accordance with the new State Minimum Planning Standards established in May of 2005. These planning standards require that the comprehensive planning process consist of three portions: Community Assessment, Public Participation and Community Agenda. In May of 2006, Fayette County submitted the Community Assessment and Public Participation portions of the comprehensive plan to the Atlanta Regional Commission (ARC) and the Georgia Department of Community Affairs (DCA). In August of 2006 the DCA changed the due date for the full plan update to 2014. In lieu of a Full Plan update, a Partial Update of the comprehensive plan is required. The requirements of a Partial Update are as follows:

For local governments with comprehensive plan prepared under the 2004 and prior Minimum Standards a Partial Update will require:

- A Quality Community Objectives (QCO) assessment and an assessment of areas needing special attention.
- Identification of issues and opportunities associated with this QCO assessment.
- An updated Short Term Work Program (STWP) to address the identified issues, opportunities and areas needing special attention. The STWP update should identify and distinguish between:
 - * Goals (desired end-states)
 - * Long-range objectives that measure progress
 - * Policies that will guide local decision making
 - * Specific activities addressing issues and opportunities and/or areas requiring special attention

February 15, 2007
PC Workshop

The Quality Community Objectives assessment and an assessment of areas needing special attention are in the Community Assessment submitted in May of 2006 (see Attachments 1 and 2). Staff has developed the updated STWP (see Attachment 3) to fulfill the Partial Update of the comprehensive plan.

In addition, Staff is recommending a few housekeeping amendments to the Land Use Plan Map. The areas are islands within municipalities. One area is within the Town of Tyrone and the other area is within the City of Fayetteville.

The area within Tyrone is located on Old Senoia Road and is in a Fayette County land use category of Low Density Residential (1 to 2 acres/unit). The majority of the area along Senoia road in both the County and Tyrone is zoned commercial (see Attachment 4). Staff is recommending that the area be in a land use category of Commercial.

The area within Fayetteville is not presently shown on the land use plan. The area is located in the southwest portion of the intersection of SR 314 and White Road and is zoned R-40 (see Attachment 5). The majority of the area along SR 314 in Fayetteville is zoned commercial with the exception of the parcel to the north across White Road which is zoned R-40 in the City. Staff is recommending that the area be in a land use category of Commercial.

Mr. Williams explained that Attachment 1 and Attachment 2 have been submitted to the State and ARC in May, 2006 for review.

Attachment 1

1.0 Assessment of Consistency with Quality Community Objectives

The following is a listing of Georgia Department of Community Affairs' Quality Community Objectives (in italics) and the Fayette County response which summarizes its self-evaluation.

1.1 Development Patterns

1.1.1 Traditional Neighborhoods

Traditional neighborhood development patterns should be encouraged, including use of more human scale development, compact development, mixing of uses within easy walking distance of one another, and facilitating pedestrian activity.

Fayette County consists of two distinct areas, an unincorporated area and incorporated areas (municipalities). The unincorporated area is characterized as an exurban/rural area containing single-family residential subdivisions, large estate/agricultural lots, and some commercial/industrial areas. The existing incorporated areas, especially those served by a public water system and a centralized sewerage system, are the centers of intensity and density in terms of development in Fayette County. These areas are the appropriate place for compact mixed use development as they are the existing urban cores of Fayette County.

However, some aspects of traditional neighborhood development are possible in the unincorporated county through use of The Planned Unit Development – Planned Residential Development zoning district. This district encourages creativity in providing parks and recreational facilities within a development with a mix of housing types. Some developments within this category utilize sidewalks and a provision for golf cart use to facilitate access to these parks and recreational facilities as well as facilitating a connection throughout the entire development. In addition, Fayette County has in place Conservation Subdivision regulations which allow the clustering of lots in a compact configuration to preserve green space within a residential development.

February 15, 2007
PC Workshop

1.1.2 Infill Development

Communities should maximize the use of existing infrastructure and minimize the conversion of undeveloped land at the urban periphery by encouraging development or redevelopment of sites closer to the downtown or traditional urban core of the community.

Fayette County's incorporated areas (municipalities) are the existing urban cores as some are served by a centralized sewerage system. It is Fayette County's policy that the existing incorporated areas be the centers of intensity and density in terms of development in Fayette County.

Chairman Powell asked if the City of Fayetteville has to comply with these requirements.

Pete Frisina replied they have had their plan approved recently by the State.

1.1.3 Sense of Place

Traditional downtown areas should be maintained as the focal point of the community or, for newer areas where this is not possible, the development of activity centers that serve as community focal points should be encouraged. These community focal points should be attractive, mixed-use, pedestrian-friendly places where people choose to gather for shopping, dining, socializing, and entertainment.

Fayette County's incorporated areas (municipalities) contain the existing traditional downtown areas.

1.1.4 Transportation Alternatives

Alternatives to transportation by automobile, including mass transit, bicycle routes, and pedestrian facilities, should be made available in each community. Greater use of alternate transportation should be encouraged.

Fayette County is in the process of developing multi-use paths along Redwine Road in conjunction with the City of Fayetteville connecting to a County park and a City park. An existing multi-use path connects Peachtree City to the Starr's Mill tri-school complex along Redwine Road. This path was developed through an agreement between Peachtree City and Fayette County. Staff is working on a multi-use path plan for Fayette County. The goal of the plan is to connect the municipalities, parks and schools to the greatest degree possible. Fayette County allows the use of golf carts within subdivisions by approval of the Board of Commissioners.

1.1.5 Regional Identity

Each region should promote and preserve a regional "identity," or regional sense of place, defined in terms of traditional architecture, common economic linkages that bind the region together, or other shared characteristics.

Fayette County has in place various State Route Overlay Zones which contain architectural regulations. State Routes are the gateways into Fayette County and it is the goal of the County to control the aesthetic character of these roadways.

1.2 Social and Economic Development

1.2.1 Growth Preparedness Growth Preparedness

New development should be designed to minimize the amount of land consumed, and open space should be set aside from development for use as public parks or as greenbelts/wildlife corridors. Compact development ordinances are one way of encouraging this type of open space preservation.

Existing conservation subdivision regulations will help to preserve and provide green space. The regulations require 40 percent of development be in an undeveloped conservation area.

1.2.2 Appropriate Businesses

The businesses and industries encouraged to develop or expand in a community should be suitable for the community in terms of job skills required, long-term sustainability, linkages to other economic activities in the region, impact on the resources of the area, and future prospects for expansion and creation of higher-skill job opportunities.

Through the Fayette County Development Authority, it is the goal of Fayette County to attract businesses that provide employment of a highly educated workforce matching the demographics of the County.

1.2.3 Employment Options

The businesses and industries encouraged to develop or expand in a community should be suitable for the community in terms of job skills required, long-term sustainability, linkages to other economic activities in the region, impact on the resources of the area, and future prospects for expansion and creation of higher-skill job opportunities.

Working with the Fayette County Development Authority, it is the goal of Fayette County to attract businesses that provide employment of a highly educated workforce matching the demographics of the County.

1.2.4 Housing Choices

A range of housing size, cost, and density should be provided in each community to make it possible for all who work in the community to also live in the community (thereby reducing commuting distances), to promote a mixture of income and age groups in each community, and to provide a range of housing choice to meet market needs.

Fayette County can provide a mix of housing types between the unincorporated county, and the incorporated municipalities where a public water system and a centralized sewerage system is available to serve higher densities.

1.2.5 Educational Opportunities

Educational and training opportunities should be readily available in each community – to permit community residents to improve their job skills, adapt to technological advances, or to pursue entrepreneurial ambitions.

The Fayette County Development Authority indicates that work-force training options are available for citizens. The Authority is also working to locate a Clayton State satellite campus in Fayette County.

1.3 Resource Conservation

1.3.1 Heritage Preservation

The traditional character of the community should be maintained through preserving and revitalizing historic areas of the community, encouraging new development that is compatible with the traditional features of the community, and protecting other scenic or natural features that are important to defining the community's character.

February 15, 2007
PC Workshop

Fayette County encourages and allows the use and preservation of historic structures identified in the Architectural Survey of Fayette County. This includes reestablishing nonresidential uses in historic structures and using historic structures as recreational facilities within residential subdivisions.

1.3.2 Open Space Preservation

New development should be designed to minimize the amount of land consumed, and open space should be set aside from development for use as public parks or as greenbelts/wildlife corridors. Compact development ordinances are one way of encouraging this type of open space preservation.

Existing conservation subdivision regulations will help to preserve and provide green space. The regulations require 40 percent of development be in an undeveloped conservation area.

1.3.3 Environmental Protection

New development should be designed to minimize the amount of land consumed, and open space should be set aside from development for use as public parks or as greenbelts/wildlife corridors. Compact development ordinances are one way of encouraging this type of open space preservation.

Existing conservation subdivision regulations will help to preserve and provide green space as well as protect environmentally sensitive areas. The regulations state that the conservation area within these developments shall consist of waterways, water bodies, watershed protection areas, floodplains, wetlands, riparian buffers, and woodlands.

1.4 Governmental Relations

1.4.1 Regional Solutions

Regional solutions to needs shared by more than one local jurisdiction are preferable to separate local approaches, particularly where this will result in greater efficiency and less cost to the taxpayer.

Fayette County provides some services to the municipalities and has a Service of Delivery Strategy Agreement in place.

1.4.2 Regional Cooperation

Regional cooperation should be encouraged in setting priorities, identifying shared needs, and finding collaborative solutions, particularly where it is critical to success of a venture, such as protection of shared natural resources or development of a transportation network.

Fayette County is a member of the Atlanta Regional Commission and participates on the Board as well as several of the Committees. Fayette County notifies and seeks comments from its municipalities and surrounding counties when land use plan changes and rezonings take place in close proximity to their boundaries.

Attachment 2

Areas Requiring Special Attention

The following are areas that have been identified during the evaluation of the existing land use plan and current development trends as requiring special attention during the planning process.

February 15, 2007
PC Workshop

All State Route (SR) Corridors

These are the Major Thoroughfares of Fayette County. They provide access for Fayette County and surrounding counties. It is conceivable that at some time in the future all of the SR Corridors will be four lanes or greater.

All the State Route Corridors in Fayette County are regulated by overlay zones in the Zoning Ordinance. At this time, only the SR 54 Corridor is addressed in the Fayette County Comprehensive Plan with an overlay district giving existing lots consideration for Office/Institutional (O/I) zoning. The purpose of these regulations is to promote orderly development to maintain the efficient flow of traffic and maintain a scenic gateway into and through Fayette County. These regulations need to be reviewed periodically to ascertain if they are achieving the aforementioned goals. Inter-parcel access both by vehicles and pedestrians should be provided where possible in nonresidential areas. Accommodations for bicycles should be considered and made when these corridors are improved. Architectural control should be maintained to protect the esthetic quality of Fayette County

The SR 85 North Nonresidential Corridor

This nonresidential corridor is a mix of office, commercial and industrial uses. These uses also include an area along SR 314. The area is within the SR 85 North Corridor Overlay General State Route Overlay (SR 314) requirements. Due to annexations into the City of Fayetteville, the area is not contiguous. This represents problems with differing regulations from two different jurisdictions controlling properties along the corridor. The jurisdiction's regulations should be reviewed to determine where they are similar and different. The staffs can work to alleviate conflicts in the regulations. This is an area of potential annexation.

The SR 54 Nonresidential Corridor

This area contains the Fayette County Community Hospital and a future Fayette County High School and is anticipated to be developed with a mix of commercial and office uses. The hospital and some properties in the immediate area of the hospital are in the City of Fayetteville. This is an area of potential annexation. The remainder of the area is in unincorporated Fayette County. This represents problems with differing regulations from two different jurisdictions controlling properties along the corridor. The jurisdiction's regulations should be reviewed to determine where they are similar and different. The staffs can work to alleviate conflicts in the regulations. In general, regulations specific of this area will be needed to control development.

The West Fayetteville Bypass traverses this area connecting Sandy Creek Road and SR 54. Also a parallel road running from Tyrone Road by the future high school to the West Fayetteville Bypass is indicated on the Land Use Plan. These roads are needed to serve the future development in this area. A multi-use path/sidewalk system should be considered in this area to increase accessibility.

SR 74 North Corridor

Due to annexations into the Town of Tyrone, the area is not contiguous. This represents problems with differing regulations from two different jurisdictions controlling properties along the corridor. The jurisdiction's regulations should be reviewed to determine where they are similar and different. The staffs can work to alleviate conflicts in the regulations. This is an area of potential annexation. This area is under development pressure due to the amount of nonresidential development to the north in Fulton County and the City of Fairburn.

Conservation Areas

These are environmentally sensitive areas containing waterways, watershed protection areas, flood plains, wildlife habitat, poor soils, and steep slopes. Special care must be taken with development within close proximity of these areas.

Mr. Williams advised that the updated Short Term Work Program 2007-2011 (Attachment 3) which contains the goals, long-range objectives, policies, and specific activities to address the issues and opportunities identified in the Assessment of Consistency with Quality Community Objectives (Attachment 1) and Areas Requiring Special Attention (Attachment 2).

Attachment 3
FAYETTE COUNTY COMPREHENSIVE PLAN
SHORT TERM WORK PROGRAM 2007-2011

This section proposes a five-year program from FY 2007 through FY 2011 to implement the vision and goals of the Fayette County Comprehensive Plan. In addition to the scheduling of projects for the county, the five year work program also indicates potential sources of funding.

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 – GOVERNMENTAL SERVICES					
Goal: Provide Support for the Effective and Efficient Delivery of Governmental Services			Plan Element: Community Facilities		
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
Installation of New Phone System	FY 2007	FY 2008	\$247,660	General Fund & Enterprise Fund	Fayette County Information Systems
Additional Fuel Tanks – McDonough Road	FY 2007	FY 2007	\$200,000	General Fund	Fayette County Public Works

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 - PUBLIC SAFETY					
Goal: Maintain and Improve the Level of Service for Public Safety			Plan Element: Community Facilities		
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
Fire and Emergency Services					
Severe Weather Warning System	FY 2007	FY 2011	\$466,948	General Fund & Grants	Fayette County Emergency Services
Quints (2) (Replaces Aerial Platform Apparatus)	FY 2007	FY 2007	\$900,000	Impact Fees (\$675,000) & Vehicle Replacement Fund (\$225,000)	Fayette County Emergency Services
Construct Fire Station : Sandy Creek Road	FY 2009	FY 2010	\$1,350,000	Impact Fees	Fayette County Emergency Services
E-911					
E-911 Center Addition	FY 2010	FY 2010	\$773,000	Emergency Phone E-911 Funds	Fayette County Emergency Services
Computer Aided Dispatch System	FY 2011	FY 2011	\$400,000	Emergency Phone E-911 Funds	Fayette County Emergency Services
Sheriff's Office					
Firearms Training Facility	FY 2011	FY 2011	\$400,000	General Funds	Fayette County Emergency Services
Digital Mobile Video Enforcer	FY 2007	FY 2007	\$65,765	General Funds	Fayette County Emergency Services

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 - RECREATION					
Goal: Upgrade Recreation Services			Plan Element: Community Facilities		
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
Brooks Park Enhancements	FY 2007	FY 2011	\$341,600	General Fund	Fayette County Recreation Dept.
Kelly Drive Park Enhancements	FY 2007	FY 2010	\$360,550	General Fund	Fayette County Recreation Dept.
Kenwood Park Enhancements	FY 2007	FY 2011	\$3,000,000	General Fund	Fayette County Recreation Dept.
Kiwanis Park Enhancements	FY 2007	FY 2011	\$889,600	General Fund	Fayette County Recreation Dept.
Lake Horton Park Enhancements	FY 2007	FY 2010	\$745,950	General Fund	Fayette County Recreation Dept.
Lake Kedron Park Enhancements	FY 2007	FY 2010	\$94,850	General Fund	Fayette County Recreation Dept.
McCurry Park Enhancements	FY 2007	FY 2011	\$1,538,750	General Fund	Fayette County Recreation Dept.
Gingercake Park Enhancements	FY 2007	FY 2010	\$344,200	General Fund	Fayette County Recreation Dept.

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 - WATER SYSTEM					
Goal: Upgrade County Water System			Plan Element: Community Facilities		
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
Lake McIntosh Permit/Construction	FY 2007	FY 2010	\$8,242,000	Revenue Bonds and G.E.F.A. Loans	Fayette County Water System
Water Tank Construction at Horseman's Run Site	FY 2008	FY 2009	\$2,000,000	G.E.F.A. Loan	Fayette County Water System
Water Tank Construction at Porter Road Site and Line Extension	FY 2009	FY 2010	\$4,000,000	Revenue Bonds and G.E.F.A. Loans	Fayette County Water System
South Fayette Treatment Plant Expansion	FY 2011	FY 2011	\$6,000,000	Revenue Bonds	Fayette County Water System

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 - PUBLIC WORKS					
Goal: Maintain and Improve County Road System			Plan Element: Community Facilities		
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
Grade, Base & Pave Old Road	FY 2007	FY 2007	\$85,000	General Fund	Fayette County Road Department
Kenwood Road Bridge Improvement	FY 2007	FY 2010	\$1,124,000	SPLOST & Fed/State	Fayette County Road Department
SR 314/279 Signal Modification	FY 2007	FY 2008	\$11,000	SPLOST & Fed/State	Fayette County Road Department
Construct Redwine Road Multi-Use Trail	FY 2006	FY 2007	\$300,000	General Fund	Fayette County Road Department
Intersection Improvement @ Sandy Creek Road, Sams Drive & Eastin Road	FY 2008	FY 2010	\$356,000	SPLOST & Fed/State	Fayette County Road Department
SR 92 & Gingercake Road Signal	FY 2007	FY 2008	\$104,000	SPLOST & Fed/State	Fayette County Road Department

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN
SHORT TERM WORK PROGRAM FY 2007 to FY 2011 – **PLANNING AND ZONING**

Goal: Growth and development should be consistent with the county comprehensive plan.

Plan Element: Land Use Plan

Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
This is a specific activity addressing an Area Requiring Special Attention - SR 54 Nonresidential Corridor and an Assessment of Consistency with Quality Community Objectives- Regional Identity, Appropriate Businesses, Employment Options, and Educational Opportunities : Continue the joint study of the SR 54 Nonresidential Corridor with the City of Fayetteville and institute changes to each jurisdiction's Comprehensive Plan and Zoning Ordinance as necessary.	FY 2007	FY 2009	Staff Time	General Fund	Fayette County Planning and Zoning Department and Fayetteville Planning and Zoning
This is a specific activity addressing an Area Requiring Special Attention - SR 74 Nonresidential Corridor and an Assessment of Consistency with Quality Community Objectives- Regional Identity : Conduct study of the SR 74 North Corridor and institute changes to the Comprehensive Plan and Zoning Ordinance as necessary.	FY 2007	FY 2009	Staff Time	General Fund	Fayette County Planning and Zoning Department
This is a specific activity addressing an Area Requiring Special Attention - SR 85 Nonresidential Corridor and an Assessment of Consistency with Quality Community Objectives- Regional Identity : Conduct study of the SR 85 North Nonresidential Corridor and institute changes to the Comprehensive Plan and Zoning Ordinance as necessary	FY 2008	FY 2010	Staff Time	General Fund	Fayette County Planning and Zoning Department

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN
SHORT TERM WORK PROGRAM FY 2007 to FY 2011 – **PLANNING AND ZONING**

Goal: Growth and development should be consistent with the county comprehensive plan.

Plan Element: Land Use Plan

Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
This is a specific activity addressing an Area Requiring Special Attention - State Route (SR) Corridors and an Assessment of Consistency with Quality Community Objectives- Regional Identity : Conduct study of all State Route (SR) Corridors and institute changes to the Comprehensive Plan and Zoning Ordinance as necessary.	FY 2008	FY 2010	Staff Time	General Fund	Fayette County Planning and Zoning Department
This is a long-range objective to measure progress of an Area Requiring Special Attention - Conservation Areas and an Assessment of Consistency with Quality Community Objectives- Environmental Protection : Monitor the impact of development on Conservation Areas and institute changes to the Comprehensive Plan, Zoning Ordinance, and Development Regulations as necessary.	On-going	On-going	Staff Time	General Fund	Fayette County Planning and Zoning Department and Fayette County Engineering
This is a specific activity addressing an Assessment of Consistency with Quality Community Objectives- Alternative Transportation : Conduct multi-use path study for Redwine Road.	FY 2007	FY 2010	Staff Time	General Fund	Fayette County Planning and Zoning Department, Fayette County Public Works, Fayette County Department of Recreation, and Sheriff's Office
This is a specific activity addressing an Assessment of Consistency with Quality Community Objectives- Alternative Transportation : Conduct multi-use path study for SR 54 to connect Fayetteville and Peachtree City to Hospital Area.	FY 2007	FY 2010	Staff Time	General Fund	Fayette County Planning and Zoning Department, Fayette County Public Works, Fayette County Department of Recreation, and Sheriff's Office

It was the consensus of the P.C. that a similar multi-use path study be conducted for a S.R. 92 South/Antioch Road corridor leading to the park at Lake Horton. The initiation year date was established for FY 2008 with completion year date for FY 2010.

Due to the addition of a multi-path study being requested for S.R. 92 South and Antioch Road, Pete Frisina suggested to change the completion year date for Redwine Road from FY 2010 to FY 2009 and to also change the completion year date for S.R. 54 to connect Fayetteville and Peachtree City to the Hospital Area from FY 2010 to FY 2009.

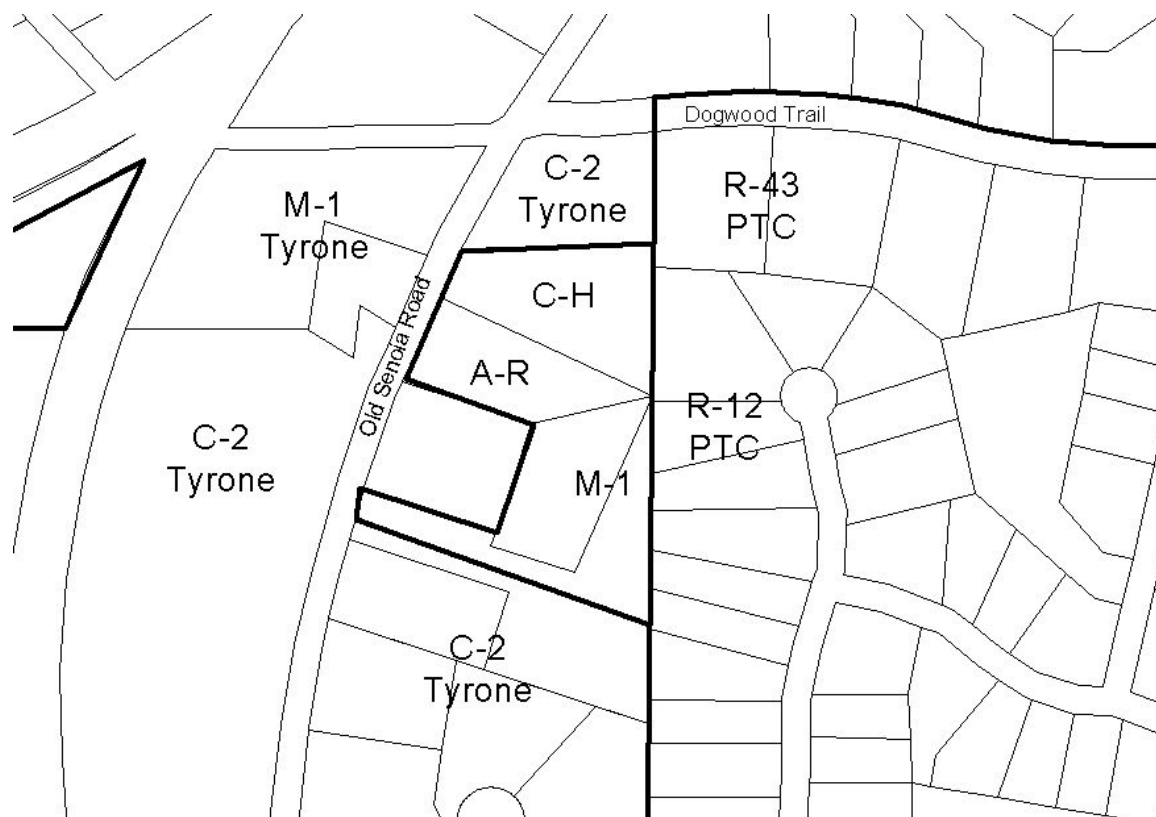

FAYETTE COUNTY COMPREHENSIVE GROWTH MANAGEMENT PLAN SHORT TERM WORK PROGRAM FY 2007 to FY 2011 – PLANNING AND ZONING					
Goal: Growth and development should be consistent with the county comprehensive plan.				Plan Element: Land Use Plan	
Project Description	Initiation Year	Completion Year	Total Estimated Costs	Funding Sources	Responsibility
This is a specific activity addressing an Assessment of Consistency with Quality Community Objectives- Open Space : Determine applicability of the Georgia Land Conservation Program in terms of funding for the preservation of open space.	FY 2007	FY 2008	Staff Time	General Fund	Fayette County Planning and Zoning Department

Page 20
February 15, 2007
PC Workshop

Pete Frisina pointed out that an island of unincorporated Fayette County located on Old Senoia Road surrounded by the Town of Tyrone is land used for Low Density Residential (1 unit/1 to 2 acres). He explained that due to the zoning within the island (C-H, A-R, and M-1) and surrounding zoning in the Town of Tyrone (C-2 and M-1), Staff is recommending that the island be land used as Commercial. (Map indicates Dogwood Trail and should indicate Crabapple Lane.)

The P.C. concurred with Staff's recommendation.

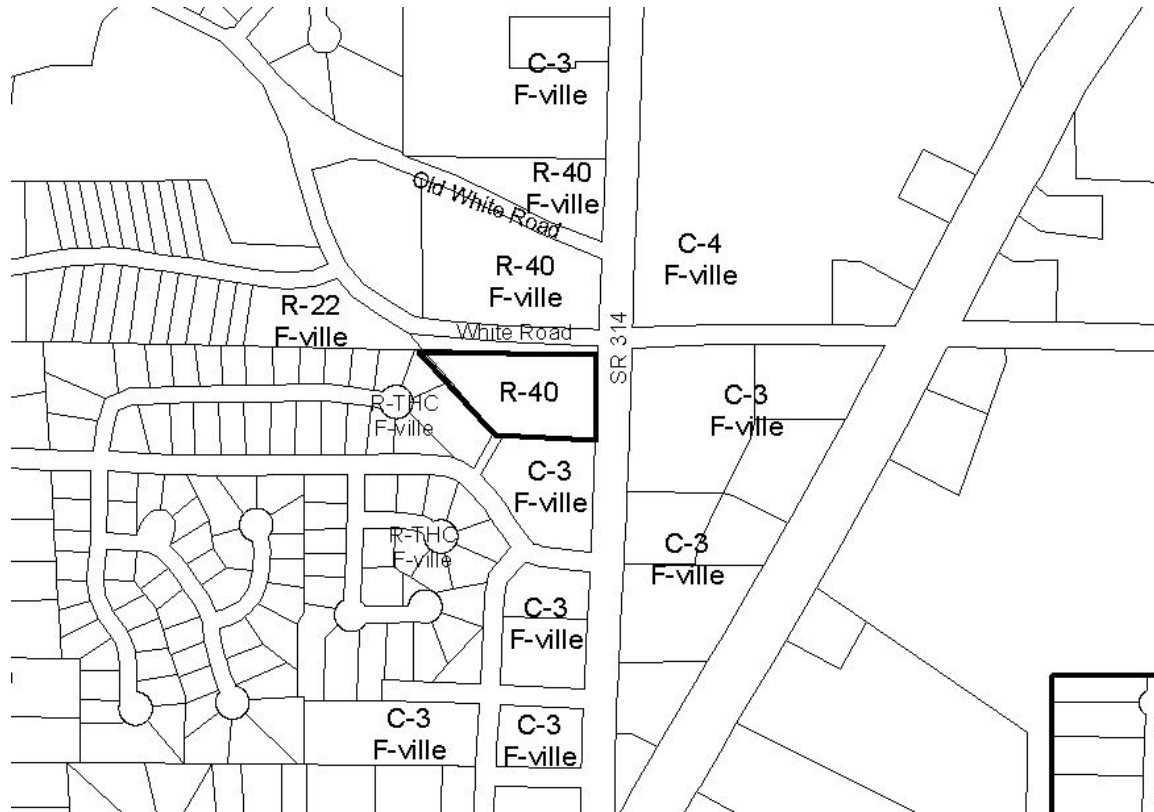

Attachment 4

Pete Frisina pointed out that an island of unincorporated Fayette County located at the intersection of White Road and S.R. 314 surrounded by the City of Fayetteville is not presently shown on the Land Use Plan. He explained that the majority of the area along S.R. 314 in Fayetteville is zoned commercial with the exception of the parcel to the north across White Road which is zoned R-40 in the City. Staff is recommending that the island be land used as Commercial.

The P.C. concurred with Staff’s recommendation.

Attachment 5

Chairman Powell instructed Robyn Wilson to advertise the partial plan update for the March public hearing.

* * * * *

Chairman Powell asked if there was any further business. Hearing none, Tim Thoms made a motion to adjourn the Public Meeting/Workshop. The motion unanimously passed 5-0. The Public Meeting/Workshop adjourned at 8:05 P.M.
